

TRAIL ASSESSMENT FORM

Doc. #		Trail Name	Fowl Meadow Path	Trail Type:	Wide	Condition	Good
Route:	Park Boundary – 6005 – 6009 – Indian Path						
Recent Weather:	Sunny, 80 degrees. No significant rain in weeks.						
TRAIL LANDMARKS	<ul style="list-style-type: none"> • The Fowl Meadow Path trailhead is located at the end of an unnamed road width path at the reservation boundary (essentially a continuation of the Fowl Meadow Path not indicated on the DCR map). The trailhead is 40 feet west of the intersection with Swamp Trail (intersection is not indicated on the DCR map). The trailhead is marked with two large blocks of granite one of which has a large drill hole in it. The treadway leaves the trailhead at road width. • New bog bridge approximately 18 feet long at .12 miles • Fowl Meadow Path crosses Burma Road at intersection marker 6005 at .13 miles and continues at road width. • Sewer to the right of the treadway at .21 miles. • Sewer to the right of the treadway at .29 miles. • Unnamed path leaves on left at intersection marker 6009 at .33 miles. Map shows this unnamed path as a wide road however significant brushing would be needed if road width is desired. • Sewer to the right of the treadway at .36 miles. • Concrete cistern to right of treadway at .44 miles. Well point to the left of the treadway at same location. • The Fowl Meadow Path ends at the Indian Path intersection at .44 miles on the south bank of the Neponset River. 						
MINOR & MAJOR PROBLEM AREAS	None noted						
DISTANCES TO MAJOR INTERSECTIONS	<ul style="list-style-type: none"> • Fowl Meadow Path trailhead to Intersection marker 6005 - .13 miles • Fowl Meadow Path trailhead to Intersection marker 6009 - .33 miles • Fowl Meadow Path trailhead to Indian Path intersection - .44 miles
