

Friends of the Blue Hills

Trail Volunteer Work Report

Work date (mm/dd/yy): 9/4/10

Report date: 9/6/10

Your name: Bob Flagg

List Volunteers working with you:

Tim Leung, Joe Milligan, Kevin Milligan, Eleanor Heidkamp, Leah Staub-DeLong, Amir Degany, Dexter Robinson, Joe Woodman

Trail Name: Border Path

Section Name/Description:

Connector path with Eustis Trail to intersection near Marker 1175

Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):

- 1) Removed old aluminum culvert just below the connector path. Culvert was non-functioning and presented a hazard to anyone cleaning the side ditch. Dragged culvert out to Unquity Road and filled in hole with rocks and dirt.
- 2) Water is flowing from unnamed path (extension of Chestnut Run Path?) onto Border Path. Dug out side ditch to collect this flow and bring it down to the first waterbar to get it off the trail. Ditch was almost completely filled in and there was a lot of leaves and debris to remove to reestablish the ditch. Raked out the inflow area in front of the waterbar. Widened the outflow ditch to improve waterflow.
- 3) Removed medium size tree across the trail above the connector path.

Total Hours (# of people x hours worked): 23.00

Work Remaining:

This area should be monitored to confirm the ditch works as expected. The waterbar may need to be enhanced for the extra flow.

Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):
