Trail Name: Summit Road, Great Blue Hill

Section Name/Description:

Red Dot Trail to the summit

Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):

Cleared the culverts, (about 8?), running under road, improving out-flow areas as well. Also cleared some side ditches.

Total Hours (# of people x hours worked): 15.00

Work Remaining:

Could not completely clear 2 culverts. One possibly collapsed, (1/2 clay 1/2 metal pipe). The other, we could not reach all of the blockage.

Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):

First-time use of a 10' pole with various attachments to aid in cleaning the culverts. Fabricated by Bob Romeri. The tool worked very well.
