

Friends of the Blue Hills

Trail Volunteer Work Report

Work date (mm/dd/yy): 7/9/11

Report date: 7/31/11

Your name: Bob Flagg

List Volunteers working with you:

Joe Milligan, Kevin Milligan, Caleb Blankenship, Jim Green, Donna Utakis, Robert Shine, Amir Degany, Brittany Dixon, Joe Woodman

Trail Name: Circle Path

Section Name/Description:

Section located around .16 to .25 miles from intersection with Breakneck Ledge Path

Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):

There is one rock waterbar and two wooden waterbars that allow water to flow over them. Converted the rock waterbar and first wooden waterbar to grade reversals while leaving existing structure in place. Dug in rocks to raise level of grade reversal and to make them more durable. Improved outflow to allow better flow of water off trail. The second wooden waterbar looked acceptable but the outflow needed a good digging to improve flow. Worked on side ditch to collect water from the trail and channel off trail.

Total Hours (# of people x hours worked): 32.75

Work Remaining:

Need to view work during a rain to ensure there is proper slope to allow water to flow off the trail and stay off the trail.

Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):
