

Friends of the Blue Hills

Trail Volunteer Work Report

Work date (mm/dd/yy): 3/14/11

Report date: 18/12/11

Your name: Amir Degany

List Volunteers working with you:

Rochelle Degany

Trail Name: Wildcat Notch Trail

Section Name/Description:

Marker 1093 to marker 1115

Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):

- 1) Cleaned out some fallen trees, branches and trash.
- 2) The pond at 1103 needs a trail diversion for the early spring time.
- 3) The north end of the trail from the branch to 1117 is a mess as usual at this time. I believe a branch closure was supposed to be at 1117. I did not notice any trail closure at this junction. See attached pictures of the pond and the branch to 1117.

Total Hours (# of people x hours worked): 4.00

Work Remaining:

Generally, the work that we did on the trail recently looks good and only requires some minor upkeeping work that I can do on my own.

Regarding item 2 above: A narrow path on the west side would be sufficient as the main trail will be used most of the season.

Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):
