**Work date (mm/dd/yy):** 3/31/12

**Report date:** 4/6/12

**Your name:** Bob Flagg

**List Volunteers working with you:**

John Goldrosen, Quang Le, Caleb Blankenship, Adam Blunt, Gerry Sullivan, Dexter Robinson, Joe Woodman, Alex Korouvine, Jim Green, Dan Green, Peter Amram, Robijn Hage, Tony Henderson, John Gorham

**Trail Name (one trail name only):** Border Path

**Section Name/Description:**

From Unquity Rd to Marker 1114

**Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):**

Cleaned all waterbars on trail (about 15) and side ditches from near Marker 1175 up the hill past the cutoff for Eustis Trail. Reworked old exposed wooden waterbar just above Marker 1175 by adding rocks and dirt to allow safer passage for mountain bike riders. Also improved series of three waterbars just below Marker 1114 by adding rocks to create more effective grade reversal. Most of the water on the trail was just flowing over the existing waterbars.

**Total Hours (# of people x hours worked):** 47.50

**Work Remaining:**

Need to keep an eye on series of three grade reversals to make sure water flows correctly. Same with grade reversal created at old wooden waterbar near cutoff to Eustis.

There is also a set of four wet spots after Bartol heading west. It would be great to fill these with crushed stone and then crown with dirt.

**Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):**

This work event was the First Annual Blue Hills Trail Runners Work Day. It was organized by John Goldrosen with Colonial Runners. Also worked on Chestnut Run.
