Work date (mm/dd/yy): 8/4/12

Report date: 8/10/12

List Volunteers working with you:

Dane Tullock (REI outreach), Judy Jacobs, Amir Degany, Leonardo Corarrubias, Jeff Chabot, Kerry Brock, Nicky Schweitzer

Trail Name: Five Corners Path

Section Name/Description:

Great Blue Hill

Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):

A 2nd grade reversal was established along a steep gullied slope between Coon Hollow Path and Wolcott Path.

Total Hours (# of people x hours worked): 26.00

Work Remaining:

It was originally contemplated that a third grade reversal may be needed along this stretch, but this should be reevaluated because it no longer seems to be the case.

Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):

We observed a fallen bird's nest near the worksite. The size and shape of the nest seemed to indicate that it had been built by a Wren.
