

Friends of the Blue Hills

Trail Volunteer Work Report

Work date (mm/dd/yy): 10/26/12

Report date: 10/20/12

Your name: Christine Moberg

List Volunteers working with you:

Andy Wisner, Christine Hopkins, Nicole Sullivan (co-adopters)

Trail Name: Wolcott from parking lot to 5 corners (green trail)

Section Name/Description:

Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):

clearing of leaves and mud from drains on trail so that any running water would be able to pass without running over trail. removal of twigs and trash from trail.

Total Hours (# of people x hours worked): 7.00

Work Remaining:

after more leaves fall will return to keep up with ensuring clear drainage. plans to return in november, the weekend before thanksgiving.

Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):

a couple of things worth noting: on the trail about 100 ft on the other side of the fire rd there is a black wire that is exposed. could be a trip hazard; we did not cover it because we were unsure what it was.

also, there is a drain across from where the trail is marked 1100, there is an intersection. In the drain, a tree has fallen and it is blocking a large part of the drain. the tree would need to be cut with a chain saw to be removed, (though, not entirely sure that it needs to be removed? it might be possible that the water can still run through)
