

# Friends of the Blue Hills

## Trail Volunteer Work Report

**Work date (mm/dd/yy):** 8/22/15

**Report date:** 8/22/15

**Your name:** Denise Butler

**List Volunteers working with you:**

**Trail Name/description (one trail name only):** Puddle Path

**Section Name (select one from the drop down list):** Blue Hills

**Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):**

Cleared minor debris from water bars and main culvert (halfway up trail).

**Total Hours (# of people x hours worked):** 1.00

**Work Remaining:**

Due to a previous rain storm there is erosion (approx. 3 - 5 inch deep trench) in the middle of the trail before and over the culvert - seems as though the water was not properly diverted to the drainage ditch into the culvert. I'm unsure of what needs to be done, if anything, at this time. It doesn't seem to be effecting foot traffic, but it could get worse.

**Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):**
