Report date: 12/6/15

Your name: Robert Mazairz

List Volunteers working with you:

None

Trail Name/description (one trail name only): Braintree Pass Path

Section Name (select one from the drop down list): Chickatawbut

Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):

Reduced the depth of an existing swale by adding an additional layer of large flat stones three to four inches thick to the floor of the swale. The swale had been considered too deep for a regular street ambulance to cross in case of emergency. Cross country skiers also experienced difficulty crossing this swale due to the depth. This task was accomplished over two days - November 1st and November 2nd.

Total Hours (# of people x hours worked. Use # of people x 3.5 for trail maintenance events): 8.00

Work Remaining:

None
