

# Friends of the Blue Hills

## Trail Volunteer Work Report

**Work date (mm/dd/yy):** 8/17/17

**Report date:** 8/18/17

**Your name:** Fred Taylor

**List Volunteers working with you:**

None

**Trail Name/description (one trail name only):** Laurel Path

**Section Name (select one from the drop down list):** Chickatawbut

**Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):**

Minor brushwork

**Total Hours (# of people x hours worked):** 0.50

**Work Remaining:**

An eight inch diameter tree has fallen across Laurel Path between trail markers 3130 and 3111. It broke in two sections when it fell. One section is suspended eight feet over one side of the trail. The other section is on the ground blocking about 1/3 of the trail. I could not move the section on the ground because it was wedged between two trees, but two people could probably move it. My saw was too flimsy to cut it, but a regular limb saw should do.

**Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):**
