Report date: 10/25/13

Your name: Peter Furth

List Volunteers working with you:

Beth Furth

Trail Name: Ponkapoag Path

Section Name/Description:

Ponkapoag section, from AMC camp to Rt 24 horsebridge

Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):

Fallen branches removed from the path. Nothing more needed.

Total Hours (# of people x hours worked): 1.00

Work Remaining:

It could stand some work improving drainage right at the trail start at the AMC end, where during wet weather it becomes a wide muddy mush that is spreading wider and wider as people bypass it. However, the local topography doesn't suggest an easy solution.

Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):
