

Friends of the Blue Hills

Trail Volunteer Work Report

Work date (mm/dd/yy): 10/5/16

Report date: 10/8/16

Your name: Paul Brookes

List Volunteers working with you:

Pete Tierney

Trail Name/description (one trail name only): Minichiello Path

Section Name (select one from the drop down list): Quarry

Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):

Walked the Minichiello Path from the start at Shea Rink to the end at 4202. Along the section from Shea to the intersection of 4205, lopped off three branches that were overhanging the path. Continued along Minichiello from 4205 to the end of the path where it intersects with 4202. In this section I used a grass whip to clear grasses on the sides of the path that had encroached onto the path. Picked up trash.

Total Hours (# of people x hours worked. Use # of people x 3.5 for trail maintenance events): 1.00

Work Remaining:

None

Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):

Turning East at intersection 4205 to take the Minichiello Path the path drops steeply about 4 feet of elevation. It is heavily eroded with washed out sandy gravel. This could greatly benefit from a few well placed steps.
