Trail Name/description (one trail name only): Quarry Trail

Section Name (select one from the drop down list): Quarry

Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):

Walked path from 4220 to Wampatuck road clearing brush and lopped one overhang.

Total Hours (# of people x hours worked. Use # of people x 3.5 for trail maintenance events): 0.50

Work Remaining:

None

Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):

The path is on a moderate downward grade from the road to intersection of 4220 where it ends in lowland. There are no grade reversals or drainage ditches on the side of the path and there is some erosion along the path. I plan to head out here during a rain storm to see where the water is going.
