Walked trail removing branches from trail from Marker 4160 to 4102. Removed lots of trees leaning over the trail just west of Skyline Trail.

**Total Hours (# of people x hours worked. Use # of people x 3.5 for trail maintenance events):** 1.00

**Work Remaining:**

Two large trees down just before and after Marker 4120. Will report for removal. There is a culvert just east of Marker 4120 that had some of the stone surround collapsing into the brook limiting flow. Need to return with a rock bar and ropes to move stones and return them to their proper place. Should set them back further to make them more stable.

**Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):**
