Blazing again. From 4174 to the spur to the Green Dot Trail on the other side of Rattlesnake Hill.

Total Hours (# of people x hours worked. Use # of people x 3.5 for trail maintenance events): 3.00

Work Remaining:

Blazing the rest of my trail, both directions. Will take a few sessions, but hopefully can get it done this year. Specifically I realized that I missed the reverse from 4174 to 4184.

Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):

Have we come up with a strategy for removing graffiti? There's a lot of it in this section of my trail. Also - saw a copperhead snake next to the quarry pond near 4174.
