## Trail Volunteer Work Report

**Work date (mm/dd/yy):** 9/17/17

**Report date:** 9/17/17

**Your name:** Rob Hirseman

**List Volunteers working with you:**

None

**Trail Name/description (one trail name only):** Skyline (Quarry)

**Section Name (select one from the drop down list):** Quarry

**Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):**

Finished the last bit of blazing. My section of the Skyline all the way to Shea Rink is now done in both directions. I also did some work on the path where the Skyline crosses the Pipeline trail where it had eroded badly.

**Total Hours (# of people x hours worked. Use # of people x 3.5 for trail maintenance events):** 3.00

**Work Remaining:**

Will do another maintenance run this fall to look for drainage structures in need of cleaning, dead branches, etc. Would also like to work on one of the slopes where the path is no longer clear and it has evolved into a boulder scramble (the steep climb near 4155). Might make a good project for a monthly workday.

**Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):**

Nothing new.
