Report date: 9/8/08

Your name: Robert C. Walcott

List Volunteers working with you:

N/A

Trail Name: Wolcott Trail

Section Name/Description:

North Trailside parking lot to 1115

Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):

success - finally broke thru blocked culvert at 1115 - cleaned several ditches south of 1115 . Picked up small blowdowns all along the trail

Total Hours (# of people x hours worked): 3.00

Work Remaining:

None in my section. However on Wolcott I walked from 1115 to 5 corners. Just one culvert needs work and two drainage ditches including one wood water bar needs replacing. Also a section of road about half way between 115 and Rotch Path could benefit from a new dirt drain where I had the advantage of viewing a large puddle form right after the heavy rain Sat. night.

Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):
