Trail Name: Brookwood Trail

Section Name/Description:

Blue Hill 1000's

Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):

Removed blow-down limbs from trail, and large pine at sharp corner near height of land.

Total Hours (# of people x hours worked): 1.00

Work Remaining:

At site of fallen pine tree, trail has actually been relocated from its original track. It could be restored with removal of one fallen tree, lower down, and removal of saplings in original path. Since this trail has a low amount of use, I would suggest just leaving it where it is.

Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):
