**Report date:** 7/12/09

**Your name:** Janet Lawn

**List Volunteers working with you:**

none

**Trail Name:** Chestnut Run Path

**Section Name/Description:**

**Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):**

Cleared two waterbars and partially cleaned out the inlet to the culvert. I was out once early this summer to check on things and pick up trash (there's lots at the start of the trail by the parking area but not much on the trail itself.) I did a couple of things that didn't require any tools. The waterbar work seemed to still be helpful and I kicked out a bit of debris w/ my foot. The ditches need to be cleaned and the culvert as well. there was some water making it's way through the leaves and debris in the culvert.

**Total Hours (# of people x hours worked):** 4.00

**Work Remaining:**

The waterbar

work seemed to still be helpful when i was out earlier this year. The ditches need to be cleaned and the culvert as well. there was some water making it's way through the leaves and debris in the culvert.

**Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):**

none
