Your name: Nick Georgantas

List Volunteers working with you:

none

Trail Name: Hemenway Path

Section Name/Description:

From 1178 to 1240,

Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):

Brushed and cleaned 5-6 water bars, most on west side of Hemenway Hill. East side of Hemenway Hill needs a few serious water bars/steps, as trail is eroded and acting as a stream bed when it rains. There is no remediation possible without new structures.

Total Hours (# of people x hours worked): 5.00

Work Remaining:

I'll be curious to see how the water bars I cleaned are now working. One in particular near the bottom of the hill was not in very good shape, but hopefully is now resolved.

Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):
