Trail Name: Wildcat Notch Trail

Section Name/Description:

1094 to 1083

Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):

Constructed two rolling grade dips to move water off the trail. Dug in rocks and covered with dirt to harden structure. Added knicks on the side to drain water from trail. Constructed wide shallow trench across trail at the foot of the Brookwood Trail. Added berms on either side of trench to direct water off the trail.

Total Hours (# of people x hours worked): 48.00

Work Remaining:

Monitor water flow on trail to determine if there is a need for additional rolling grade dips. Also need to make sure water does not run over the structures.

Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):
