## **Trail Volunteer Work Report**

**Work date (mm/dd/yy):** 5/2/09

**Report date:** 5/4/09

**Your name:** Robert C. Walcott

**List Volunteers working with you:**

None

**Trail Name:** Wolcott

**Section Name/Description:**

from north parking lot of Trailside museum to Five Corners

**Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):**

cleaned 5-6 culverts and ditches and rolling dips

**Total Hours (# of people x hours worked):** 4.00

**Work Remaining:**

Only 2 major culverts and ditches need cleaning. Note both wood waterbar at these 2 locations are 90% rotted - interesting to note that the 60' dead tree on the edge of the trail (see next page), top 30' came down right on the trail. Think I wrote this in my first report last year. Recommend it be removed

**Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):**

Ditch, small stream, almost dry now still needs work. From pond at Trailside museum to start of green dot trail. Less than 100 yards - Wolcott Path very busy today - hikers, walkers, bikers and many many dogs.
