All trees down across trail(4) removed. All branches down in trail moved off trail. Waterbars and dips (4) cleared of leaves.

**Total Hours (# of people x hours worked. Use # of people x 3.5 for trail maintenance events):** 5.50

**Work Remaining:**

Nothing... until the wind blows again :-)

**Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):**

One of the trees (between 1140 and 1141) I could not move trunk off the trail, as the trail has 18" high 'walls' on both sides. I moved trunk parallel to the side, and it is out of the way on the wide trail.
