Your name: Greg Richards

List Volunteers working with you:
Andy Richards

Trail Name: Skyline Trail

Section Name/Description:
Nahanton Hill by the Sassaman Intersection to marker number 3144

Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):

Trash pick-up and brushing. We removed several dead trees and a couple of live ones obstructing the trail and had to reposition a good sized pine tree that had fallen partially onto the trail but was still deeply rooted. We cleared out the dead branches from the trail and tried to stabilize a few large rocks that were on the trail. Lots of used and unused fireworks on top of Nahanton. We used a large amount of our water supply attempting to diffuse them before we collected them.

Total Hours: Three hours. From noon to 3 PM.

Work Remaining:

I'd like to remove the pine tree completely but need to bring in a stronger saw and a shovel.

Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):
