Brushed trail of overhanging branches and encroaching trees & bushes from Laurel Path to Romari Trail.

Work Remaining:

There is an opportunity to add a small grade reversal about 100 yards east of Marker 3152 to prevent water flowing down the path toward Marker 3163. I can do that later in the year.

Also noticed a large two-tree blowdown across the trail about 100 yards west of Marker 3163 and will report this to Caleb for removal.

Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):
