List Volunteers working with you:

Trail Name/description (one trail name only): Squamaug Notch Trail

Section Name (select one from the drop down list): Chickatawbut

Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):

Removed large rock pinching outflow ditch at Marker 3131. Cleaned inflow and outflow area of leaves, rocks and branches.

Total Hours (# of people x hours worked. Use # of people x 3.5 for trail maintenance events): 1.75

Work Remaining:

Inflow area has a rock as part of the surround structure that seems to have fallen a bit restricting flow. Need to review during dry season to determine if it can be corrected without removing whole stone surround. Currently, it restricts the flow significantly and will never flow properly until situation is corrected.

Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):
