Trail Name/description (one trail name only): Monatiquot Path

Section Name (select one from the drop down list): Houghton

Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):

We removed deadfall from the trail along old 128 and also trimmed overhanging branches. There were two areas where we could not reach the branches, but they looked hazardous-Right at the start of the paved area of the old 128 a limb was resting on the fence and also right after trail marker 2163. There was an overhanging branch that was too high for us to reach, but it was dead (and a potential hazard).

Total Hours (# of people x hours worked. Use # of people x 3.5 for trail maintenance events): 21.00

Work Remaining:

Of the map we were assigned, we completed Monatiquot to TM 2150, to TM 2163, to the Pipeline path back to the trailhead. We did not finish the northern part of the assigned area, TM 2190 and TM 2155.
