**Work date (mm/dd/yy):** 6/20/17

**Report date:** 6/20/17

**Your name:** John Hahnfeld

**List Volunteers working with you:**

**Trail Name/description (one trail name only):** Boyce Hill Trail

**Section Name (select one from the drop down list):** Houghton

**Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):**

Picked up minor detritus.

**Total Hours (# of people x hours worked):** 0.75

**Work Remaining:**

Midway between 2117, where the Skyline crosses the Boyce Hill Trail, and the unnumbered junction where Boyce Hill Trail intersects the Doe Hollow Path, there is a large dead tree that has fallen across the trail. It's not a problem for hikers, but could be a hazard for mountain bikes or equestrians. It's 10 minutes of chain saw work to clear it.

**Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):**

The intersection of the Boyce Hill Trail with the Doe Hollow Path is one of many unnumbered junctions which, imho, should have a number, and a sign.
