Section Name/Description: _____Rt 138 to Rt 95_____

Work Completed (Please be specific with location of work):

Removed trash (three trash bags) from whole trail except the very end at Rt 95. Picked up lawnmower engine just off of Green St and left at DCR HQ. Lot of trash from Rt 138 for about 150 yards till past parking lot. Removed one small blow down just before Mountain Path.

Note: Someone else is performing maintenance on the trail. Virtually all the issues on the assessment have been cleared.

Total Work Hours: _____3.75_____

Work remaining:

The trail ends abruptly at the ramp for Rt 95. It is a bit muddy and would benefit from stepping stones to get thru it. Also a significant amount of trash along the ramp just off the trail. Probably not worth the effort as there is no place to go on the ramp.
