

Friends of the Blue Hills

Trail Volunteer Work Report

Work date (mm/dd/yy): 3/23/09

Report date: 3/23/09

Your name: Bob Flagg

List Volunteers working with you:

none

Trail Name: Skyline Trail

Section Name/Description:

Rt 138 to End of Trail (Rt 95 ramp)

Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):

Lightly brushed trail, removed downed branches and collected several bags of trash especially at both ends of the trail.

Total Hours (# of people x hours worked): 3.00

Work Remaining:

There is still a need to pickup trash between the trail, road and parking lot and along the ramp on Rt 95. There is a bit of erosion on the western side of Little Blue Hill. Should keep an eye on this for possible future improvement. There also needs to be some analysis of the waterflows from the parking lot as it drains heavily to the south and west of the lot.

Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):
