

# Friends of the Blue Hills

## Trail Volunteer Work Report

**Work date (mm/dd/yy):** 8/24/16

**Report date:** 8/25/16

**Your name:** Bob Flagg

**List Volunteers working with you:**

Pete Tierney

**Trail Name/description (one trail name only):** Burma Road

**Section Name (select one from the drop down list):** Neponset

**Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):**

Removed many small trees that were hanging over the trail from Fowl Meadow Path Marker 6005 and heading east for about .60 miles.

**Total Hours (# of people x hours worked. Use # of people x 3.5 for trail maintenance events):** 5.00

**Work Remaining:**

We addressed half of this section so there is still another .40 miles from parking lot heading west. This section has a significant amount of brush encroaching from both sides of the trail and will need considerable work. Also need to walk the section from Marker 6005 west. The whole road needs a good mowing by DCR to keep this open. The mowing should include cutting the brush back on both sides of the trail.

**Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):**

Noticed sections of mile-a-minute growing along the road. Some areas have been addressed (saw some black bags containing the weed along the trail) but there is still considerable need for eradication.
