Adopt-a-Trail Volunteer Work Program

Work Dates: November 16, 2008

Report Date: November 17, 2008

Name of Adopter: Sam Greydanus

List Volunteers Working with Adopter:

Trail Name: Saw Cut Notch Trail, Rte 28 to Short Path

Section Name/Description: Saw Cut Notch Path; Rte 28 to Short Path

Work Completed: Clean out leaf dams in the ditch in the notch which a work team repaired earlier in the summer. The ditch was sent to be working well after the recent heavy rain. Removed a dead tree which had fallen across the trail in the wind storm, cleared fallen branches from the trail, raked leaves out of several water bars.

Total Work Hours: Three

Work Remaining: Trim wild rose and pricker bushes back from trail, clear leaves out of some more of the water bars and some of the pipes. Trail seems to be in generally good condition, and is being used by horses and pedestrians. Quite a few deer in the area near the golf course.
