

Friends of the Blue Hills

Trail Volunteer Work Report

Work date (mm/dd/yy): 9/7/17

Report date: 9/8/17

Your name: Paul Brookes

List Volunteers working with you:

None

Trail Name/description (one trail name only): Minichiello Path

Section Name (select one from the drop down list): Quarry

Work Completed (Please be specific with location of work. Note hazards & potential hazards addressed if applicable):

Walked the Minichiello Path from the start at Shea Rink to the end at 4202. Picked up small amount of trash. Used a grass whip to clear grasses that had encroached onto the path. Removed some overhangs on the board walk. by the intersection with winter carnival path.

Total Hours (# of people x hours worked. Use # of people x 3.5 for trail maintenance events): 0.50

Work Remaining:

None

Other comments (areas of concern, wildlife sightings, trail markings and signage condition, need for re-route, possible encroachment):

1. Turning East at intersection 4205 to take the Minichiello Path the path drops steeply about 4 feet of elevation. It is heavily eroded with washed out sandy gravel. Possible work project to build a few well placed steps (approx 2-3 hours x 3 people)

2. The wooden board walk that runs from the intersection of the winter carnival path for about 50 paces is deteriorating. At the far end it's lateraly inclined to about 4 degrees, in addition the steps at the end of the boardwalk have become disconnected from the boardwalk and are detached sitting on the ground. Possible work project to reattach steps (approx 1 hour x2 people).
